

To Whom It May Concern,

It is with great pride and enthusiasm that I recommend Clinton Jefferson. I have had the privilege of teaching Clinton over the past three years in American History, Civics Honors, and AVID (Advancement Via Individual Determination) 3. During this time, I have watched him grow into a hardworking, mature, and motivated student who is fully prepared for the challenges of higher education.

Clinton stands out among his peers for his intellectual curiosity and drive to excel. In my classes, he consistently demonstrated a willingness to go beyond surface-level understanding, asking thoughtful questions and making meaningful connections between course content and the real world. His ability to critically analyze material and express his ideas clearly shows both his academic talent and his commitment to learning. In the AVID program, Clinton was a model student that is organized, forward-thinking, and resilient in the face of challenges. He not only set high expectations for himself but also encouraged his classmates to strive for success. I am confident that he will carry this same determination, leadership, and perseverance into his college career.

Outside the classroom, Clinton has built an impressive résumé of skills and accomplishments. He is certified in both Introduction to Computer Science and Digital Design and Animation and has also earned two ServSafe certifications, a testament to his dedication to expanding his knowledge across multiple fields. His experience working with Barton College's Technical IT Help program demonstrates his professionalism, technical expertise, and ability to work effectively with others in problem-solving situations.

Clinton's character is equally commendable. He is dependable, respectful, and consistently demonstrates leadership among his peers. His recognition as an UB Star and UB Trailblazer highlights his ability to balance academic excellence with meaningful community involvement. Furthermore, his Level 5 Biology EOC score, the highest possible on the state exam, underscores his capability and work ethic across disciplines.

I wholeheartedly recommend Clinton Jefferson. He is a student of outstanding character and ability, and I give him my highest recommendation without hesitation and look forward to seeing all he will accomplish in the future. Please feel free to contact me if you require further information.

Sincerely,

Amber Glover
