To Whom It May Concern:

It is my pleasure to recommend Clinton Jefferson as a candidate for any university or scholarship to which he applies. I have taught Clinton this year, 2025-2026, in twelfth-grade honors English IV and AVID IV honors, and previously in eleventh-grade honors English III. This level of English is challenging and requires fortitude. Students are expected to go above and beyond their normal aspirations and succeed at a rigorous level. AVID is a program that requires, as the program itself states, Advancement Via Individual Determination. This is something Clinton has demonstrated every day. AVID requires students to perform in rigorous courses, and do so to the best of their ability. Clinton is receiving an admirable grade, and I know that he will do well in any area he chooses to pursue.

Clinton's scholarly aptitude clearly reflects his dedication to academic excellence. He consistently performs at a high level and approaches his studies with curiosity, discipline, and a genuine passion for learning. In the classroom, Clinton is an engaged and thoughtful participant. He contributes meaningfully to discussions, often offering unique insights that encourage deeper analysis and spark further dialogue among his peers. His ability to consider multiple perspectives and thoughtfully challenge assumptions creates a dynamic learning environment for everyone. Clinton also shows a sincere interest in understanding viewpoints that differ from his own, which fosters mutual respect and collaboration in class. His open-mindedness and intellectual humility have made a lasting impact, bringing both levity and camaraderie that enrich our shared academic experience.

Beyond the classroom, Clinton's extracurricular involvement and technical ability further distinguish him. As an intern with the Technical IT Help team at Barton College, he exhibits professionalism, initiative, and a strong work ethic. He plays a vital role in supporting students and staff across campus, troubleshooting and resolving both hardware and software issues efficiently and with great attention to detail. His contributions in this role speak to his strong technical skills and ability to communicate effectively with diverse users. Clinton's recognition as both a UB Star and a UB Trailblazer further underscores his leadership, academic stability, and deep commitment to community engagement and higher education. Moreover, his active role in catering services, supported by dual ServSafe certifications in Food Handling and Management, demonstrates his versatility, reliability, and willingness to contribute in any capacity. I wholeheartedly recommend Clinton for any opportunity that values dedication, leadership, and well-rounded excellence.

Due to his impressive personal and academic involvement, Clinton would be a wonderful candidate for any establishment or scholarship. He will make a fantastic student at any university he attends and will do amazing things in his future.

Sincerely,

Rachel Barlow
